**Global Government and Public Services Leader,  
CEE Clients & Markets Leader and CEE ESG Leader**

**BIO:** Agnieszka leads the PwC Global Government & Public Services Industry, a network of more than 12,000 professionals, helping governments around the globe maximize positive impact for their citizens.

She also leads the ESG agenda across 29 countries in Central and Eastern Europe, and advises clients in both the public and private sectors on their green transformation.

For the last 20 years, she has worked globally supporting governments, international institutions and the private sector in the origination and implementation of projects to achieve sustainable growth. She has advised on investment strategies, infrastructure financing, including large scale solar projects, and ESG with a focus on climate change. She has advised on over 60 transactions worldwide, including pilot infrastructure projects of the total value exceeding \$15bn.

She has worked with the clients and driven large scale engagements in over 40 countries, including advisory contracts for multilateral institutions - the European Commission, World Bank, European Investment Bank and United Nations Development Programme.

She currently leads PwC's work for the European Commission's Directorate-General for Structural Reform Support (DG REFORM) which supports EU countries in designing and implementing most strategic national reforms. This portfolio covers 130 projects won in 24 EU countries with DG REFORM since 2018. As part of that work, PwC has been supporting the European Commission and national governments in just transition, EU Recovery, digital transformation of public administration, health system reforms, digital skills strengthening and other key topics.

In a number of strategic assignments she has been helping governments to develop and implement sustainable digital transformation reforms ensuring the responsible and ethical adoption of new technologies.

Agnieszka is also PwC CEE Clients & Markets Leader and CEE ESG leader. When she isn't working, Aga spends time practicing yoga, cycling and hiking with friends and family.
